

CAREERS IN ENERGY

Introduce students to careers in energy through behind-the-scenes tours of training sites

FOR STUDENTS GRADES 7-12

PROGRAM PARTICIPATION DETAILS

- ✓ Complete an online energy career and aptitude survey with your students.
- ✓ Select 6 students to attend a site tour of an energy career training center.
- ✓ Students will experience "A Day in the Life" of an employee in an energy field. You can select one site to visit with your students.
- ✓ Focus on careers with education requirements of a high school diploma or 2-year Associates Degree.
- ✓ Schools must be in AEP Ohio service territory.

BENEFITS FOR PARTICIPATING SCHOOLS

- ✓ School transportation and/or substitute reimbursement (up to \$360)
- ✓ Lunch for students and teachers included the day of the site visit.
- ✓ Stipend for coordinating teacher (\$100)
- ✓ Program meets Ohio's Learning Standards for Career Development
